

# Taking Climate Action label certificate

## COMPANY LABEL - SILVER LEVEL

Client reference: N° 25/567

Certification start date: 22/12/2025

Certification end date: 22/12/2026

CO2logic certifies that **BeMedico** has calculated its **company's** carbon footprint, set up a concrete reduction plan and contribute to fund climate projects matching part of its emissions by supporting certified climate projects.

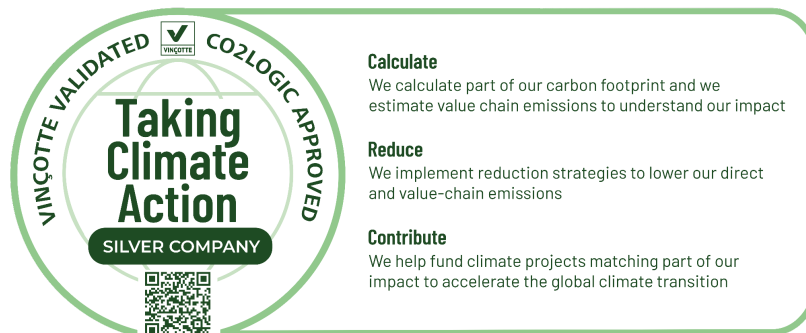

**Calculate:** the calculation scope covers scope 1, scope 2 and partial scope 3 (fuel and energy related activities not included in scopes 1 and 2, waste generated by operations, business travel and employee commuting) as well as an estimation of the value chain emissions. For emissions of **FY 2024**, this amounts to **3938.4tCO2**.

**Reduce:** **BeMedico's** ambition is to reduce its company's emissions as follows: to reduce scopes 1 and 2 emissions by 25 % by 2030 in comparison with 2024, and to reduce scope 3 emissions by 42 % by 2030 in comparison with 2024.

**Contribute:** **BeMedico** also commits to yearly fund climate projects matching its emissions from scope 1, 2 and partial 3 through certified carbon credits (**158 tCO2 for FY 2024**)

Every Taking Climate Action label is reviewed and validated by Vinçotte, an independent international certifying authority. Through an in-depth audit, Vinçotte controls the implementation of the CO2logic approach.

All information related to the CO2logic approach and the process can be consulted on our [website](#) and all the information related to this label is made available through the individual QR code present on the label:
