MyLab™X1 Go

Healthcare On The Go

With its compact design and ultra-light weight, the MyLab™X1 Go is your reliable partner for assisting with care wherever it is needed.

Cleanable and durable, the MyLab™X1 Go's customizable interface and gesture-driven touchscreen mean you can use it anywhere with confidence, while its extended operating time ensures you are always ready for scanning, no matter where care takes you.

ULTRA-SLIM DESIGN

Ultra-light (1.2 kg with stand) construction and sleek design for enhanced mobility and on-the-go scanning.

8" FULL HD TOUCHSCREEN WITH INTUITIVE WORKFLOW

Gesture-driven touchscreen, totally compatible with gloves, to perform daily examinations more easily.

INTELLIGENT IMAGE & MEASUREMENTS

Automatic image optimization and intelligent measurements for a simplified workflow.

HIGH CLEANABILITY

Built to last and fully cleanable the device complies with all hygiene standards.

FAST START

Quick 30-second boot-up with direct access to probe and preset selections for fast response in any situation.

EXTENDED BATTERY LIFE

Approximately 1.5 hours of high-performance scanning to deliver care anywhere, plus a removable Li-ion battery to extend battery life even further.

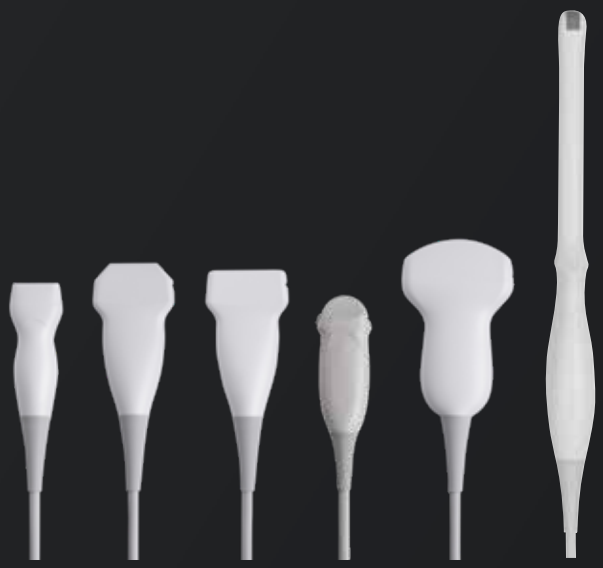

SECURE CONNECTIVITY

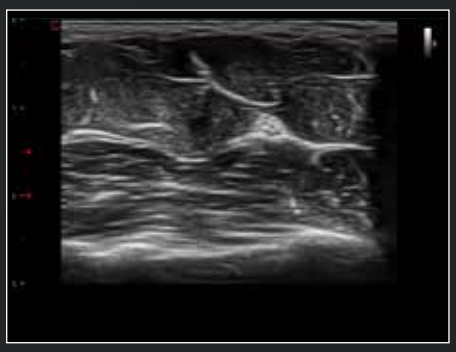

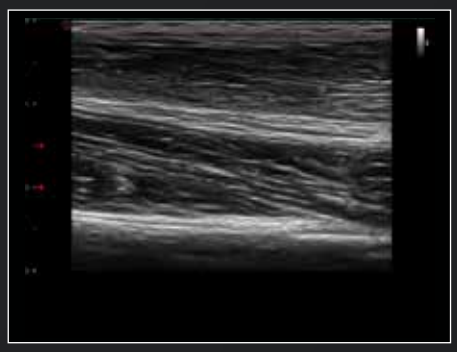

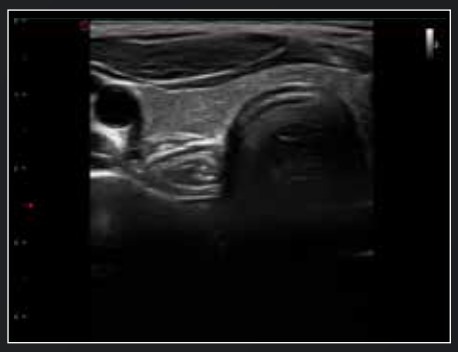

Connectivity features enable uploading and sharing of collected data with healthcare facilities, while ensuring full compliance with security standards.

Confidence in any Clinical Challenges

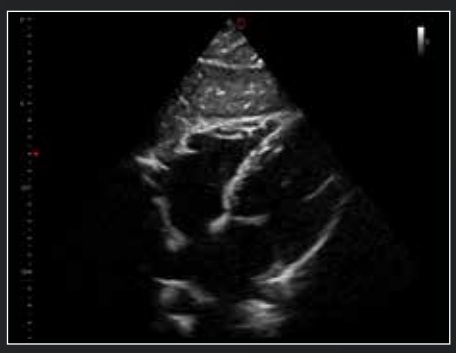

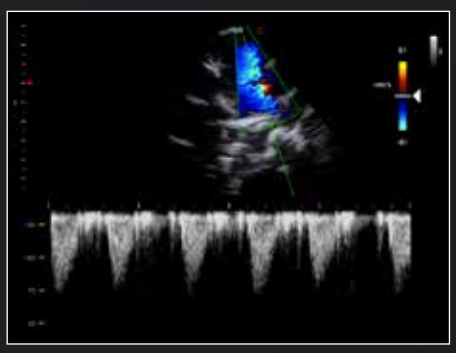

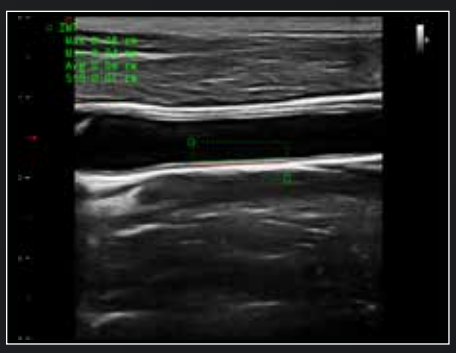

With highly detailed imaging, MyLab™X1 Go provides you with the information you need to help you make clear decisions and deliver care.

Through a comprensive probe package, MyLab™X1 Go can meet all clinical needs in a variety of healthcare settings, such as MSK imaging environments, General Medicine, Peri-Operative and Primary Care units.
